

Don't Wait At The Gate!

Exiting the farm is often a 2-step process:

First, the livestock and machinery are sold while the land rented out, and then later the land is sold. It is in this second phase that CLHbid.com specializes and can assist you in achieving maximum value. No more stress of negotiating a sale with a tenant or neighbour when no one knows the real value. Everyone has an opportunity to bid - we keep neighbours talking.

You only sell your land once, make sure you get it right.
